

ITP CPD Visit to The Ocean Park jointly organized with HKPMA & PMC of HKMA

Today, we are all overwhelmed by the global financial tsunami. Being a business leader and HR professional, everyone has responded differently. To champion the edge for building a winning organization during this tough time, we need to have the aspiration to see the challenges ahead and share ways of overcoming them.

Ocean Park aspires to be the world leader in providing excellent guest experience in a theme park environment connecting people with nature. It provides all guests with memorable experiences that combine entertainment and education, while inspiring life long learning and conservation involvement as well.

It is of our great pleasure that the Ocean Park will share its **challenges and experience from the perspective of learning and development** so that we can benefit from this sharing and look for ways in enhancing our human capital. So, don't miss this opportunity to join the training visit on March 7, 2009. Details of the event are as follows:
