

ITP CPD Visit to Tate's Cairn Tunnel Co. Ltd. (3 CPD Units)

Tate's Cairn Tunnel provides a convenient access to commuters traveling between the New territories East and Kowloon East. The road tunnel and its Approach/Exit Roads must be managed to ensure that safe and free-flow conditions are maintained. To achieve this goal, staff in Tunnel Control Room and on Scene are responsible to command and monitor the day-to-day and round the clock movement of traffic flow. As HR/Training practitioners, this event can enable you to realize what and how trainings are held to the Traffic Staff. For details, please see the schedule as follows:
