

ITP Certified Trainer Scheme

Grandfather Arrangement for ITP Members

Historically, grandfathering has allowed transitions to take place within a profession. ITP, the only professional institution dedicated solely for the Training & Development sector in Hong Kong, launches its Certified Trainer Scheme effective 1st March, 2014. To allow for smooth transition to take place, ITP adopts the following grandfathering arrangement for its existing members.

From now till 31st December 2014:

- All existing FITP's and MITP's of the Institute are entitled to be grandfathered in by completing a simple application form (downloadable from ITP's website: www.itp.org.hk) and paying a registration fee of HK\$200.
- Existing Associate Members (AMITP's) have to lodge an experience claim to qualify for the grandfathering in. Please refer to the clause contained in the above-mentioned application form.
- Student and Affiliate Members are not eligible.
- Corporate and Retired Members are not applicable.
- Practitioners successfully joining ITP after 1 March 2014 at AMITP, MITP and FITP grades are also entitled to be grandfathered in as long as they submit their application on or before 31st December 2014. The relevant registration fee is HK\$300.
