***ITP's CPD Study Visit to
Construction Industry Council (CIC) Training Centre***

Dear Colleagues,

The Institute will organize a study visit to CIC's well-established training centre (with simulated construction sites and workshop facilities) at Kowloon Bay on 22 April, 2016 (Friday afternoon). This event carries 2.5 CPD (Continuous Professional Development) hours.

With housing and infrastructure works pressing ahead in Hong Kong, CIC has long been playing a significant role to equip young people with various required trade skills to join the construction industry. This study tour provides us with good opportunity to benchmark various training approach or standard practices that may be useful for adaptation elsewhere.

Details of the programme are as follows:

- Welcome and introduction to CIC's training centre
- Brief sharing on a few selected trade skills training in the industry, including how to set training standards, monitor progress and measure performance of trainees
- Guided tour of the training centre to observe and interact, at first hand, its various simulated training workshops in action
- Q & A / sharing
